

## WEEKLY UPDATE

6/4/2020

Dear Residents and Families/Representatives,

As we approach summer and states are starting to reopen slowly, we want you to know that the staff at Wingfield Hills Health and Wellness continues to work hard to keep our residents safe and we are still following all recommendations of our federal, state and local health officials to prevent the spread of COVID-19.

We are happy to report that, as of today, we have no confirmed cases of COVID-19 in our facility. We completed the state mandated testing of 88 staff members and 74 residents (as most new admissions are receiving testing prior to admitted to facility,) on 5/27/2020. We continue to ensure quarantining of new admissions and hospital re-admissions on our designated hall for at minimum 2 weeks. We are also ensuring ongoing deep cleaning of facility with special focus to high usage areas (door knobs/press plates/mechanisms, time clock, light switches etc.)

As a reminder, only essential personnel are allowed inside the facility and we screen them for signs and symptoms of illness prior to entering. Our residents are continually monitored and staff is using PPE as recommended by the CDC. Staff is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and frequently wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at (775) 335-8275.

Sincerely,

A handwritten signature in black ink that reads "Marisa Wade". The signature is written in a cursive, flowing style.
